During the night, rain caused the river to rise with a very fast flow, preventing him from crossing the river and returning as planned on 02/23/20. Instead of remaining at his campsite, he climbed out of the river canyon to the north that afternoon. After following trails and forest roads for several miles, he camped for the night. On 02/24/20, he continued North until he found a major forest road that led East to the Beaverhead Work Center. There he used a call box to alert Catron Co Dispatch which then alerted NMSP Dispatch and subsequently the IC. A NMNG helicopter that had been searching for the subject and in T or C for refueling was diverted to Beaverhead to pick up the subject and return him to the Gila Cliff Dwellings Visitor Center where the ICP was located. The subject was uninjured, debriefed, and refused medical transport before driving himself home. BCFD called NMSP to request NMSAR assistance in rescuing a 22 YOM stuck on the La Luz approx 1/4 mi from the top. While en route to IB (Ellis TH), BCFD called and stated that the subject had reached the upper tram terminal (self-evac). Teams were shut off before deploying. Mission was closed at 2015. According to BCFD Battalion 7, Subject is actually 39 YOM, not 22 YOM as originally reported.	14	42

Subject walked out as teams were arriving at IB.	4	6
SAR20000060	5/19/2020	5/19/2020	Russ Imler	GCSAR	12S 0708625E 3674959N	Subject's girlfriend and sister reported him to be missing, possibly suicidal. Monday at 2200hrs. Report went to GCSO, who did not contact SP or file missing persons report. On Tuesday afternoon an SP officer was contacted, and he contacted FC at 1447hrs. Subject's vehicle was subsequently located on Sacaton Rd, and subject was found deceased, hanging from a tree, a short distance away. NMSF20087482.	13	43
SAR20000061	5/21/2020	5/21/2020	Richard Goldstein	SFSAR, AITSAR, LAAF, AMRC, CFSAR, EMK9, NMSP	422633 3934575	3 year old wandered off from parents while having lunch. Many agencies responded. Child was found by a SFC Deputy, Fire rescue assessed child ok.	3	4
SAR20000062	5/21/2020	5/22/2020	Richard Goldstein	SFSAR, AITSAR, LAAF, AMRC, CFSAR, EMK9, NMSP	422633 3934575	Subject left home walking her dog and got lost. Subject was located by a ground team when she responded to a sound sweep. Subject was evacuated to IB where EMS transported her to St. V's.	31	72
SAR20000064	5/23/2020	5/24/2020	Una Smith		Bandelier National Monument, upper Rito de los Frijoles, half way up north canyon wall	From Ponderosa Camground on Bandelier National Monument two subjects tried to day hike a trail that is washed out. After they lost the trail they tried to cross canyon to Hwy NM-4. When nightfall stranded them on a steep canyon wall they called 911. Los Alamos County dispatched Los Alamos Fire Department technical rescue team. Aware that 911 location in the vicinity is lower based approximation, not cellphone GPS location, LAFD requested NMSAR to assist. NMSAR IC obtained subjects' cellphone GPS location. LAFD met subjects at that location, escorted them to ICP. At ICP EMS treated a subject for dehydration.	1	5
SAR20000065	5/25/2020	5/25/2020	Russ Imler		12S 0751669E 3651917N	Subject became separated from his wife while on a day hike near Sheep's Corral. His wife waited several hours for him to return, and when he did not she contacted SP via cell phone. Before SAR units were deployed subject walked back to wife's location. Subject advised IC via cell phone that he was uninjured and could drive home. 30 year old male subject on a 1-wheel fat tire electric skateboard called 911 at 2135 because "lost" in VCNPI; 911 call coordinates put him on a 2-track ranch road in Valle Jaramillo. Sandoval County SO deputy made contact with subject where that ranch road meets NM-4 at mile marker 43 (per SCSO, 41 per NMDDOT). Unknown how the subject got into Valle Jaramillo but a likely route from Los Alamos is up Camp May Road then over the Cañada Bonita saddle.	1	2
SAR20000068	6/1/2020	6/1/2020	Robert Garcia		Valles Caldera National Preserve at NM-4	Subject was parked off of 404 Anthony Gap in BLM land. Teams searched initial area around IPP on low elevation as subject was believed to be in poor health. After investigation by SP, subject had an unknown medical emergency May 4th, subject called 911, got routed to MVRDA Dispatch initially then to El Paso Dispatch. AMR was sent out and transported subject to Providence at Trans Mountain and "released" on 5/12. After above info was found out and discussions with AC, mission is Suspended. Later in day it was relayed to FC that Providence at Trans Mountain meant "deceased" but couldn't release info because of HIPAA until family members that SP had talked to had contacted the hospital. Mission terminated	2	2
SAR20000067	6/1/2020	6/1/2020	Una Smith	OMTRS, DACSAR, MVSAR	13S 0352010E 3530912N	A 33 y/o female hiker suffering from heat exhaustion and dehydration was discovered on the Little Bear Canyon Trail in the Gila Wilderness by another hiker who reported her situation to NPS staff at the Gila Cliff Dwellings. NPS staff were requested to proceed to her location to provide assistance, with a SAR team requested for back up. The subject was able to walk out with the assistance of the hiker who first discovered her situation and then returned to assist her, and later NPS staff, before SAR arrived on scene. After resting and evaluation by an NPS staff member who was a certified WFR, the subject was able to drive herself from the trailhead. Subject known to walk away to favorite locations taken by his former caregiver and family, but always returned and found that same day, this time he walked away and did not return. Upon IC interviewing mother, IC determined favorite locations and details of argument with mother, argument (insistent upon seeing his girlfriend) was the cause of his walk away (departure) from home (LKP). He departed on 6 June and was reported by mother missing on 7 June at 0830 to NMSP. NMSAR was contacted on 7 June at 1806 and mission was initiated. Mission closed on 8 June when subject was located (upon second search of this location) at another home, which was near the PLS given by NMSP. Subject's girlfriend lives at this location with her grandfather. 911 call at 1637 Subject and Father out of water while coming down from Needles along Modoc Mine Road, Son is passing out from possible heat stroke. Arrived to IPP at 1715 and determined subjects are in critical condition and at 1727 left IPP with BLM Officer. Traveled up Modoc Mine Road which is 4x4 road, at 1800 Reached Subjects and rehydrated and gave ice Packs. Left shortly later back down to bottom of Modoc mine road and met up with Ambulance and SP officer. Both subjects were attended to by EMS but both refused care from EMS.
