# Training

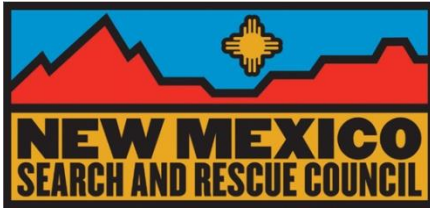

# Training

Year in Review:

With the help of DPS, NMSARC, You, the teams of NM SAR, and others, the past year has provided some really great opportunities for trainings.

Examples include:

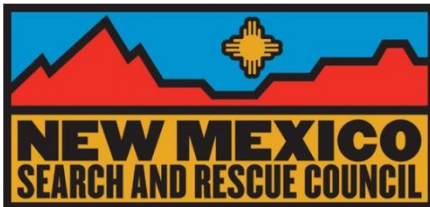

- Numerous Field Certification opportunities,
- Lost Person Behavior & Man-Tracking Classes,
- Section Chief & Inland SAR Planning Classes,
- Mock Searches,
- Congratulations on National Certifications,
- Joint team trainings...

# Training

New to SAR in NM?

- Congratulations! Welcome to ESCAPE
- Thank you to all Volunteers for the time and work you put into your teams!
- [nmsarc.org](http://nmsarc.org), Training, Events, Resources and Links pages are a great place to get started.
- Sign up for the forum at [nmsarc.org/resources](http://nmsarc.org/resources).

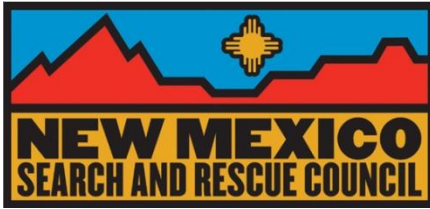

# Training

Department of Public Safety

The State of New Mexico allocates funds annually which are specifically earmarked for SAR training. These funds generally support advanced DPS certification programs (Section Chief and Field Coordinator training), promote classes that support standards of SAR care (Lost Person Behavior), and this year are also helping to fund ESCAPE.

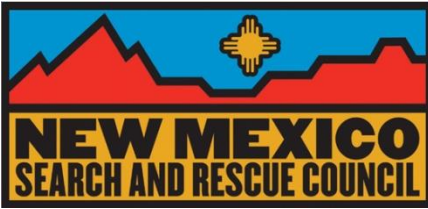

A portion of these funds may be allocated for team requested trainings at the discretion of DPS. This means that there is a budget for skill-specific training. Past examples have included man-tracking, land navigation and k9 air-scent seminars.

# Training

If your team has a specific training you'd like DPS here is what you need to know:

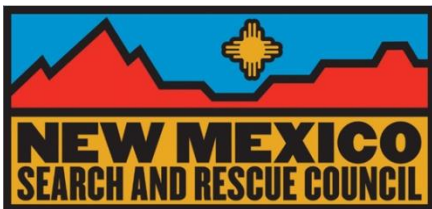

- The application can be found at, [nmsarc.org/training](http://nmsarc.org/training) and will be included in annual membership renewal packages.
- The fiscal year for training mirrors that of the state (July 1 – June 30)
- Ideally applications will be received Jan – Feb prior to the FY for which they are requested with decisions made in March – April.

# Trainings from FY 2018

Mock Search – multi type team training

# Blackhawk Training

Graciously hosted annually by Taos SAR and the National Guard.

Designed to familiarize SAR teams with safety protocols, acclimate K9s to live environment, and provide the opportunity for medical evacuation practice.

# Training

Ideas are always welcome! Please feel free to contact me. Seriously.

- What do you have in mind?
- How could we be better prepared to do our jobs?
- Wouldn't it be great if \_\_\_\_\_ ?

Also, let us know what you are up to, send photos...

## Term: 2018-2021

### Ron Nelson

Ron has been involved with SAR for 7 years and is a member of Santa Fe SAR and also the group's Radio Manager. He is ICS and LPB trained. He is an Amateur Extra licensed ham radio operator, and has experience in tailoring radio equipment for field use. He will retire from a 31-year career in physics at the end of May.

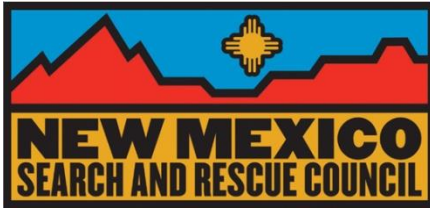

Ron is interested in improving the sharing of communications related knowledge for the SAR and amateur radio communities, and will work to improve online information. In addition, he is interested in applying UAS (drone) resources to SAR and is working to obtain a pilots license.

### Erik Nelson

Erik Nelson is from Santa Fe, NM. He has been involved with amateur radio, and search and rescue since 2012. Additionally, he has experience as a firefighter, EMT, and ski patroller.

Erik's interests include public safety communications, medical care in austere environments, GIS & incident management software, and mountain biking.

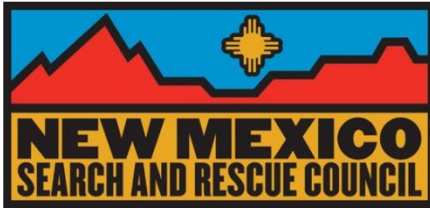

On missions he's served as a ground pounder, section chief, and communications. Erik is an active member of Atalaya Search and Rescue and Los Alamos Amateur Radio Club.
