Training

Training

With the help of DPS, NMSARC, Rescue TNT, the teams of NM SAR, and others, the past year has provided some really great opportunities for trainings.

Examples include:

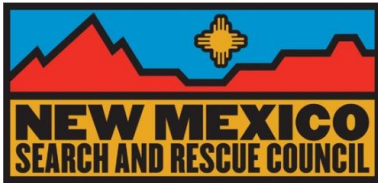

- Numerous Field Certification opportunities,
- SARTECH II and other classes offered by Rescue TNT
- Lost Person Behavior & Man-Tracking Classes,
- Section Chief & Inland SAR Planning Classes,
- Congratulations on National Certifications,
- Joint team trainings...

Training

New to SAR in NM?

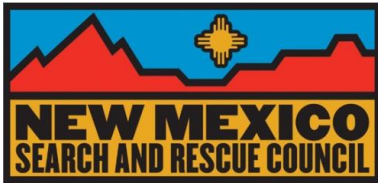

- Congratulations! Welcome to ESCAPE
- Thank you to all Volunteers for the time and work you put into your teams!
- nmsarc.org, Training, Events, Resources and Links pages are a great place to get started.
- Sign up for the forum at nmsarc.org/resources.

Training

NMSARC would like to thank RescueTNT for continuing to offer the RescueTNT scholarship program, which has been renewed for this coming year. Once again, RescueTNT will be offering 6 seats, free of charge, to any of their class offerings to New Mexico search and rescue volunteers.

This year's lineup of classes will include technical rescue, NASAR classes, and Wilderness First aid, First responder and Wilderness EMT, among others.

Training

Keep an eye on RescueTNT's course listings at rescuetnt.com, and emails from training@ to coordinate scholarship participation.

Also feel free to visit their training center and gear shop at:

842 Camino Don Tomas, Bernalillo NM

Training

Department of Public Safety

The State of New Mexico allocates funds annually which are specifically earmarked for SAR training. These funds generally support advanced DPS certification programs (Section Chief and Field Coordinator training), promote classes that support standards of SAR care (Lost Person Behavior), and this year are also helping to fund ESCAPE.

A portion of these funds may be allocated for team requested trainings at the discretion of DPS. This means that there is a budget for skill-specific training. Past examples have included man-tracking, land navigation and k9 air-scent seminars.

Training

If your team has a specific training you'd like DPS to consider sponsoring, here is what you need to know:

- The application can be found at, nmsarc.org/training and will be included in annual membership renewal packages.
- The fiscal year for training mirrors that of the state.
- Ideally applications will be received Jan – Feb prior to the FY for which they are requested, with decisions made in March – April.
- New this year - instructors will need to be vendors to the State of NM. It's not as hard as it sounds, it's fiscally more responsible, and we can help make it happen. Plan ahead!

Training

Ideas are always welcome! Please feel free to contact us.
Seriously.

- What do you have in mind?
- How could we be better prepared to do our jobs?
- Wouldn't it be great if _____ ?

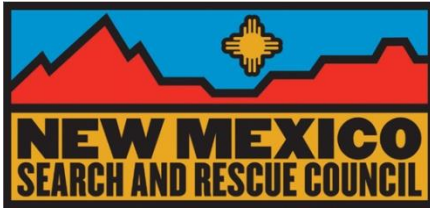

Also, let us know what you are up to, send photos...
