

**New Mexico 2022 SAR Missions**

Data provided by SAR Resource Officer Robert Rodgers; address any questions to him at robert.rodgers@state.nm.us

Missions are listed in mission number order (Date-District-Mission)

Mission #	Open Date	Closing Date	Field Coordinators	Teams Responded	Coordinates	Incident Summary	Total Personnel	Total Vol Manhours
SAR22000002	1/3/2022	03-Jan-22	Wes Crownover	None	Elena Gallegos open space	Call from APD Open Space to assist in search for 20yo male that walked away from church group on a hike. Subject was located by APD Air 1 and walked out by APD before any SAR team deployed	1	2
SAR22000003	1/5/2022	05-Jan-22	Nate Lay	PHILSAR	Found before SAR resources arrived on scene	31 year old autistic female who went for a walk on families property and was overdue to return. Family and NMSP officers performed initial search and found subject before the SAR resource arrived.	8	16
SAR22000004	1/8/2022	09-Jan-22	Wes Crownover	AMRC, CISAR	135371362mE 3894001mN	28yo and 41yo females hiked up Pino trail from Elena Gallegos and headed north on Crest Trail to Tram. Hikers became lost in dark and encountered snow without proper clothes or light. Subject were located within 3m of cell coordinates. SAR walked subjects out.	21	94
SAR22000005	1/15/2022	15-Jan-22	Peter Dickson	Santa Fe Ski Patrol	North Tesuque Creek @ 35.780880, -105.798960	Subject skied out of bounds from SF Ski Area, and got into difficulties. SF Ski Patrol responded and assisted the subject out to Aspen Vista TH.	7	0
SAR22000006	1/15/2022	15-Jan-22	Carrie Hale	MVSAR, OMTRS, DACSAR	unk	SAR responded to a call about a possible downed paraglider. Through investigation it was determined that the paraglider had landed safely and was at home.	0	0
SAR22000007	1/16/2022	16-Jan-22	Carrie Hale		unk	SAR was responding to a call from a lost hiker. The subject was assisted by a passing hiker and SAR stood down before any teams entered the field.	1	1
SAR22000010	1/22/2022	22-Jan-22	Spenser Moreland	SSAR, AMRC, CISAR	Ladron Peak	Subject fell while hiking on Ladron Peak, injuring her ankle. Socorro SO/FD requested ABLE 7 support to rescue hiker. Socorro deputy and firefighter hiked up to subject and confirmed she was unable to walk. ABLE 7 conducted hoist rescue from Ladron Peak and transferred patient to Socorro Fire ambulance for further care. No SAR resources deployed into field.	8	3
SAR22000011	1/30/2022	30-Jan-22	Andrea Imler	GCSAR, OMTRS, MVSAR, DACSAR	135 0250767 3558091	Hiker (David James) with group fell on loose rocks and broke his wrist, was very dizzy when he tried to stand up. Subject was unable to be walked out by members of their hiking group.	28	66
SAR22000012	2/1/2022	01-Feb-22	Bill Dyea	CISAR, AMRC, BCFD, APD	135 368155E 3897360N Upper La Luz Trail	Was notified by DS that BCFD Batt 7 requesting assistance from NMSAR to help two stranded hikers on the upper La Luz trail. Batt 7 gave me the location of the subjects according to phase II cell data. Before heading to IB Batt 7 had Metro 1 verify the location of the subjects on the La Luz trail. I arrived to IB and met with Steve Lopez of BCFD. He sent APD open space to make contact with the subjects. SAR team 1 was deployed with warm clothing, food, traction devices for the subject. Team 2 & 3 were deploled to clear trail and set up safety lines. Contact was made with the subjects, they were warmed up and given water and food, traction devices and hiking poles. They were escorted to IB by team one.	28	40
SAR22000013	2/2/2022	02-Feb-22	Bill Dyea	AMRC	Highway 563 Between mile marker 4 & 5, (Crest Road)	Once back to IB they were both given a medical evaluation and released. All teams were debriefed and signed out. IB was closed at 2145, mission number SAR22000012 was closed at 2330.	0	0
SAR22000014	2/3/2022	03-Feb-22	Al Webster	SFSAR	Subject, if any, not located	Called by BCFD Steve Lopez for NMSAR to assist in rescue in a motor vehicle accident over the side of a steep embankment. There is believed to be a survivor still in the vehicle. Called DS dispatch for mission number SAR22000013.	8	30
SAR22000016	2/22/2022	22-Feb-22	Peter Dickson	Santa Fe Ski Patrol	35.77976, -105.79455	Called AC Bob Baker to let him know what was going on. Called ORDM to request resources for the rescue, AMRC low angle tech. Received a call from BCFD, they told me they are going try to get someone down to the wreckage to check on condition of the trapped survivor, he said he'll call back with the status as soon as they get to the subject. Conferred with AC concerning the weather and icy roads. BCFD notified me that the second subject in the vehicle is deceased. I told BCFD that I was going to stand down our rescue team since because of the ongoing snowstorm and icy roads. He agreed with the stand down. BCFD was going to attempt the extraction the following day when the weather conditions eases up. I called ORDM to stand down the responding team.	5	0
SAR22000017	2/25/2022	26-Feb-22	Matt Holmes	LAAFB, MC2, PK9, SFSAR, TSAR, RACoEM, SSD, SdCdN, DPS Fleet	135 0394086E 3994632N	AFRC contacted NMSAR to report PLB TX at Las Companias in Santa Fe. NMSAR responded 1 initial coordinates as did NMSAR and Las Companias security - initial site was searched on foot. AFRC determined another site was more accurate - IB changed to that site and an ELT and foot search was effected - results negative - no PLB, no footprints in the snow, cues or subject were located. Mission suspended.	62	472
SAR22000019	2/26/2022	26-Feb-22	Spenser Moreland	AMRC, APD Open Space	La Luz Spur Trail	Subject skied out of bounds from SF Ski Area and got into difficulties. SF Ski Patrol responded and escorted the subject out.	8	12
SAR22000018	2/26/2022	26-Feb-22	Russ Imler	GCSAR	125 0740732 3606048	Subject reported missing evening 2/21, last seen morning 2/21. Vehicle found by DPS 2/24, crashed at 135 0390913E 3993650N. SAR resources mobilized 2/25 mid-day. First OP suspended at dark. Second OP started 0800 2/26. Subject found deceased at 1336 at 135 0394086E 3994632N. DPS contacted 1337, arrived 1415, conveyed to site of deceased subject (vehicle access possible). Handed off to DPS at 1500.	14	39
SAR22000020	3/7/2022	07-Mar-22	Bill Dyea		French Mesa Area (Approx. 135 0339357E 4015391N)	Subjects became stuck on upper La Luz spur trail near the tram due to trail conditions. They were several hours overdue from meeting hiking companions, who called 911 for them. SAR teams rode the tram up, hiked down trail, warmed them up, and assisted them hiking to the tram. Subjects assessed and released by BCFD personnel. Subject hiking the CDT became fatigued, ran out of food and water and could not evacuate from the trail. Subject called 911 and requested rescue.	0	0
SAR22000021	3/10/2022	11-Mar-22	Bill Dyea	CISAR, AMRC, APD Open Space, BCFD, BCSO		Called by DS concerning 2 overdue subjects and location of the search area. It appears the search and is in DS. I asked if a MI was available to gather more information in the situation. There was no NMSP officer on duty for the area so she'll pass the requests to the on duty Sargent. (I'll want to hear from him for subject info, road condition, and weather conditions)	47	178
SAR22000022	3/12/2022	12-Mar-22	Matt Holmes	SFSAR, AIsAR, LAAFB		I called the mother of the overdue subjects, She gave me the area where they were going to drive/hike. She also didn't know if they had food and water of what type of clothing they were equip with. I tried calling the subject, but the phone went directly to message. The subjects mother told me that her husband was out looking for the overdue subjects and that they will call me if they located them. She also said the roads were snowpack with fresh snow.	2	4
SAR22000023	3/13/2022	13-Mar-22	Robert Garica	AlaSAR	135 0414337E 3623739N	I called the AC on duty (Marc Levesque) to let him be aware of the current situation. after discussion it was decided to wait to hear from the mother and NMSP MI for new information. If we haven't heard anything by morning we'll activate the necessary resources to conduct and search and rescue operations of the overdue subjects.	8	10
SAR22000025	3/17/2022	17-Mar-22	Tony Galer	AMRC, CISAR, APD Open Space, BCSO, BCFD	Crest House Spur Trail (35.2099, -106.4505)	Called by BCFD Steve Lopez for NMSAR to assist locating a paraglider reportedly that went down in the Three Gun Springs / Hawk Watch area. Before NMSAR reported on scene Steve had Metro 1 search the area. Metro 1 located a debris field believed to be the glider. Steve had sent APD open space to the location of the debris and when NMSAR sent an additional 4 ground teams to search the area. After a few hours of ground searching the weather began to deteriorate, it was snowing and the field teams had poor visibility and slippery rocky trails and off trails. The IMT discussed the options and decided to have the teams return to IB. All teams safely returned to IB, debriefed and signed out. End of OP period 1.	22	12
SAR22000026	4/3/2022	04-Apr-22	Nate Lay	PHILSAR, NMSP	135 0501236E 4065772N. This is an approximate location, as the subject was found by a nonSAR person and transported before alerting SAR	Op period 2. Reported to IB at 1300 hours, at 1330 I met with the reporting party (RP), BCFD, AMRC, the RP described to us that she seen a parachute come down hard near the upper Hawk Watch trail. She pointed to the exact location. We recorded a compass bearing and estimated the distance to where the parachute came down. Steve from BCFD had Metro 1 fly over the suspected area and we had 1 hasty team (T6) go up and search the upper Hawk Watch area. Both Metro 1 and the ground team found any clues of a downed parachute. Metro searched the area for about 30 mins and left the area, team 6 RTB about 1630. Mission SAR22000021 is closed after discussion with the AO and RO.	6	40
SAR22000027	4/6/2022	06-Apr-22	Vern Lyautey		36.31211581 -108.00166574	Subject was in party of three. They skinned up from Aspen Vista TH, subject injured himself while skiing down. Injury occurred at 135 426743 3959542 according to reporting party. Subject self-rescued with friends to Aspen Vista rd (closed and snowy) where Santa Fe Fire met them and evacuated them to TH. Subject's girlfriend transported him to hospital, diagnosis sprained ankle. SAR resources were activated (ORDM Tony Galer) but mission was suspended before teams arrived at IB.	1	0
SAR22000029	4/10/2022	10-Apr-22	Bruce Berry	CISAR, RRFD	35.22552 -106.88864	Male calls into dispatch stating he is at Dog Canyon, State Police Officer Jones call me as the Location for subject shows top of San Augustin Pass in Dona Ana County.	9	35

New Mexico 2022 SAR Missions

Data provided by SAR Resource Officer Robert Rodgers; address any questions to him at robert.rodgers@state.nm.us

Missions are listed in mission number order (Date-District-Mission)

Mission #	Open Date	Closing Date	Field Coordinators	Teams Responded	Coordinates	Incident Summary	Total Personnel	Total Vol Manhours
SAR22000030	4/13/2022	14-Apr-22	Laurie Wlosinski	GCSAR, DACSAR, MVSAR	12s 0733959 3624334	RP and subject were riding a motorcycle and ATV in a rugged, mountainous area of Gila National Forest in the Saddlerock area on 4/13/22. After several hours of riding over a large area, the RP (brother) left the subject at the LKP for 15 minutes. Subject was to stay there but was gone when RP returned. Subject is unfamiliar with area, and may have been disoriented prior to having a seizure as had happened 2 months ago. RP and GCSO deputies searched area using ATVs that afternoon and evening. GCSO requested NMSP SAR at 2036. Search teams arrived at 2205 but did not deploy as search was suspended at 0039 4/14/22. Search resumed 0545 on 4/14/22. ATV, drone, vehicle and ground teams deployed and subject located at 1035. A NG helicopter enroute was returned to base. He was located approximately 2 miles E-SE of LKP and without the ATV. He was disoriented and may have been injured. He was medically evaluated in the field and transported by truck to the ICP. He was medically evaluated by local EMS and advised to transport to hospital. The subject and his guardian refused EMS transport/treatment.	39	125
SAR22000032	4/15/2022	15-Apr-22	Tony Galer	AMRC, CISAR, BCSO, BCFD	Crest Trail (35.20353, -106.43955)	Subject called 911 after becoming injured. Bernalillo County Fire Department used "FindMeSAR" to find the location of the subject. Ground teams were sent to the location and quickly located the subject. The subject was walked out of the wilderness area. Subject refused transport to a hospital for her injuries.	20	12
SAR22000031	4/15/2022	15-Apr-22	David Line Denali	CATSAR, GCSAR, SSAR, NMGF, USFS	Pueblo Creek Road, 125 0687815/372948	Subject went hiking with two dogs and hiked out Pueblo Creek to Pueblo Creek Road. Teams were deployed and tracked subject.	49	126
SAR22000033	4/22/2022	22-Apr-22	R. Imler	GCSAR	12S 755244E 3684579N	Subject slipped and injured knee, could not walk back to trail head. Subj sent an SOS via InReach for SAR assistance.	12	57
SAR22000034	4/29/2022	30-Apr-22	Vern Lyautey	K9SAR, NMMSAR, CATSAR, NMBASAR, TK9	36.305398 -108.030829	Overdue hiker in the Bisti Wilderness. SAR initiated. Subject located by NMSP officers in the field. Walked back to IB and checked out by EMS. Mission terminated.	10	40
SAR22000036	4/30/2022	01-May-22	Rick Overmier	AlaSAR, CCSAR, MVSAR, OMTRS	Walked back into camp at IB	Subject was on 3 day hunting trip. Departed camp going up on a ridge line area, then down into a draw for possible turkey. Subject failed to return to camp after dark. Other members of the group got a ride to Cloudcroft from another hunter that was in the area. They made a call for help. SAR was activated. Subject walked out on his own after sunrise in good condition. All SAR teams returned to base.	22	48
SAR22000037	5/5/2022	05-May-22	Robert Garcia	MVSAR, DACSAR, ALASAR, OMTRS, USBP, NPS	13S 0384552E 3632408N East of Park usual area	Missing Man separated from family at 1900 previous night, NPS USBP searched till 0100 when they called in SAR	40	110
SAR22000039	5/13/2022	14-May-22	D. Elliot	TSAR		https://caltopo.com/m/FA24		
SAR22000040	5/14/2022	15-May-22	Tony Galer	AMRC, CISAR, AIsAR, SFSARG	Continental Divide Trail (36.188214, -106.788955) 12S 708254E 3694566N	Subject was hiking the Continental Divide Trail with a friend and became ill. The Subject had an InReach device and pressed the "SOS" button to seek assistance. Resources were called and subject was quickly located and treated by local EMS. Subject was walked to the nearby ambulance and transported to the hospital.	6	8
SAR22000041	5/24/2022	24-May-22	R. Imler	GCSAR, OMTRS, MVSAR	Approximate	Four hikers overdue on a day hike. Subjs were located by USFS prior to teams arriving at IB. Subject became lost and then stranded while attempting to follow Google Maps directions to the Rio Grande Del Norte National Monument. Taos County and NMSP were unable to locate and rescue. NMSAR located and recovered the subject and the subject's vehicle.	2	4
SAR22000042	5/26/2022	26-May-22	Peter Dickson	LAAFB	36.66880, -105.81780	Search map: https://sartopo.com/m/0K5N6	3	22
SAR22000044	5/28/2022	28-May-22	Andrea Imler	GCSAR	12s 749502 3665740	Spot generation 3 SOS button was activated. Ultimately it was discovered that subject (contractor with USFS) intentionally hit the SOS. Subject in altercation with packer and ran and hid. Once packer left area, subject able to find high ground and get a call out. He was able to walk out on his own.	10	12
SAR22000045	6/5/2022	05-Jun-22	Marc Levesque	GCSAR, MVSAR, OMTRS, DACSAR	Estimated at UTM Z12S 0688536E 3676824N	A 31 y/o female became separated from her party that was riding UTVs along the San Francisco River when their vehicles became stuck on 06/04/22. She intended to walk out for help some 14 miles away wearing nothing but flip flops. En route she became lost and spent the night out with her dog. The next day, her boyfriend returned to the area and found her safe before returning her to the ICP.	8	24
SAR22000046	6/6/2022	07-Jun-22	Marc Levesque, Brian Foote (Trainee)	GCSAR, MVSAR, OMTRS, DACSAR, SSAR	UTM Z13S 0240273E 3644230N	A 62 y/o male was officially reported missing on 05/16/22. On 06/06/22, a rental vehicle that had been parked at Wrights Cabin on Hwy 152 in the Gila NF for three weeks was linked to this individual. NMSP requested SAR to conduct an investigation to determine if a search was warranted. Based on the initial investigation and because of an advancing wildland fire and the likelihood of the highway being closed, it was decided to search the area to either locate a body or determine that none was there before fire swept the area. SAR teams arrived early on 06/07/22 to conduct K9 and area searches, and the subject's body was quickly located by a K9 team about 1/2 mile south of Hwy 152 on an old forest road. Teams then had to await an NMSP officer's arrival to investigate the scene. Upon determining that there was no need for the NMSP Investigated Branch, the officer then requested OMI. After the OMI arrived, traveled to the body's location, and processed the scene, SAR teams carried out the remains to a waiting hearse. Teams were then released, and the incident later closed with NMSP Dispatch.	25	178
SAR22000047	6/10/2022	10-Jun-22	Vern Lyautey		Bisti Dea Nazin Wilderness	Hiker found by SDO chopper, retruned to parking area, mission terminated, NO SAR response required.	1	1
SAR22000048	6/11/2022	11-Jun-22	Bill Dyea	CISAR	Aircraft located at the Moriarity Airport, WGS 84 13S 407642E 3871839N	Was called from D5 dispatch to report an active aircraft beacon, D5 gave the phone number of Capt. Seagle of AFRC. I called Capt. Seagle for more information, he told the beacon is active and the tail number is N220FC. They cannot find the owner of the aircraft. I called AC Grady and he advised me to get a mission number and activate an ELT team (Cibola). I called the ORDM to activate an ELT locator team and supporting resources. As the team was enroute to IB. I was called by SP Officer Radasas to inform me that the owner was contacted and was inroute to deactivate the aircraft beacon. I called the ORDM to standdown mission number SAR22000048. Subject was in party of seven, hiking Cerro Montoso NW of Taos. Subject went off alone to search for his dog 0300 6/11, never returned. Friends called TSAR at 0600 6/11. OP1 night of 6/11, OP2 day of 6/12, OP3 day of 6/13. Search was suspended end of day 6/13, then subject showed up at IB while staff was packing up. He had hiked up in an unoccupied ranch house for 2.5 days, got ride from ranchers back to IB.	0	0
SAR22000049	6/11/2022	13-Jun-22	David Elliot, Matt Holmes	SFSAR, AIsAR, LAAFB, TSAR, SSD, MCC, PK9, Sangre De Christo SAR	Unoccupied ranch house at 13S 0425810E 4057300N, got ride back to IB (self-rescue).	50	395	
SAR22000051	6/16/2022	17-Jun-22	Andrea Imler	GCSAR	12S 741243 3608520	Subject was located by using SARLoc and transported back to IB	14	70
SAR22000052	6/19/2022	19-Jun-22	Andrea Imler		Approximately UTM Z12 0755163mE 3632573mN WGS84	Silver City Police Department requested SAR assistance for locating a despondent female who had threatened to commit suicide following an argument with her ex-boyfriend. A mission was opened but quickly closed when SCDP located the subject and called EMS to respond.	0	0
SAR22000053	6/22/2022	24-Jun-22	Marc Levesque, Brian Foote (FC Trainee)	GCSAR, MVSAR, DACSAR, OMTRS, USFS	UTM Z12 0748981mE 3683164mN WGS84	A 53 y/o father and his 15 and 9 y/o sons went on a five to six day backpacking trip in the Gila Wilderness. Their intended route was a loop that included the Middle and West Forks of the Gila River. The father was supposed to send his wife an inReach text saying they were OK each night, but prior to the trip failed to check that his subscription was still active. Concerned that she had not heard from them, recent heavy rains, and a husband's medical issue, the wife contacted SAR which led to a mission being initiated to check on the group's welfare. During the search, a mounted SAR member was severely injured, requiring his evacuation via helicopter. Because of this priority and the distances involved, SAR was unable to confirm a witness account of the group camping in good condition on the West Fork of the Gila. The mission was closed that evening but re-opened the next day to have a SAR volunteer make contact with the group to confirm they were OK. The group then camped one more night before coming out the next day.	28	392
SAR22000054	6/24/2022	24-Jun-22	B. Rodgers		Subject walked to one of the Space Port gates.	While attempting to locate a helicopter and ground resources, the subject walked up to one of the gates for the Space Port. Still waiting on coordinates of the find location and vehicle location.	1	0
SAR22000055	7/2/2022	02-Jul-22	Tony Galer	AMRC, CISAR		Bernalillo County Dispatch requesting assistance with technical rescue of a climber suspended on a rope near Kiwanis Cabin. Upon arriving at the ICP, Bernalillo County Fire Department, Battalion 7, notified the IC Bernalillo County had already extracted the subject and NMSAR resources were no longer needed.	14	1
SAR22000057	7/5/2022	06-Jul-22	Rick Overmier, Rick Wiedenmann, Phyllis Wright (FC Trainee)	OMTRS, DACSAR, MVSAR, ALASAR, WMSAR, ECSAR	WSNM, Approximately 100 yards off Alkali Flats Trail, 13 S 0378089, 3634375; approximately 2.2 miles at 310 degree from LKP/IB	On 7/3/2022 White Sands National Park Rangers were doing the sweep of the park before locking the gates for the night and found the subject's vehicle parked at the Alkali Flats trail head. The did not see anyone and saw what looked like camping gear locked in the vehicle and assumed the subject was illegally camping overnight in the park. On 7/5/2022 the vehicle was still there and they notified NMSP. NMSP Dispatch Contacted on-call FC/IC Rick Overmier and initiated the mission. Teams responded the the LKP (Alkali Flats Trail Head parking lot) The Alkali Flats Trail was searched along with other trails in the vicinity. A few clues were found including a large SOS and an SO marked in the sand. A Helicopter from White Sand Missile Range did an air search. Holloman AFB put up a MQ9 Reaper drone but only from the AFB air space. It spotted an anomaly which was search the next day with nothing found there. OP 1 was suspended that night	71	428
SAR22000058	7/6/2022	06-Jul-22	Matt Holmes	LAAFB	13S 0390878E 3960453N	Op 2 started on 0700 on 7/6/2022 with Rick Wiedenmann as IC. White Sands Missile Range again flew the area with no finds. NMSAR ATV team covered the Alkali Flats trail in a line extending 200 yards on both sides of the trail. NMSAR ground teams were tasked with searching areas west, north and east of the LKP with NPS working the areas south between LKP and the highway. IC contacted Holloman asking for another drone flight and at that time was informed they could not fly over the park due to air space restrictions. They offered to again fly from their airspace looking west into the park. Subject was found deceased by the ATV team approximately 100 yards off the Alkali Flats Trail.	5	5

New Mexico 2022 SAR Missions

Data provided by SAR Resource Officer Robert Rodgers; address any questions to him at robert.rodgers@state.nm.us  
Missions are listed in mission number order (Date-District-Mission)

Mission #	Open Date	Closing Date	Field Coordinators	Teams Responded	Coordinates	Incident Summary	Total Personnel	Total Vol Manhours
SAR220000059	7/10/2022	11-Jul-22	Matt Holmes	LAAFB, SFSAR, AITSAR	13S 0421674E 3954190N	Subject was 12 y.o. boy, separated from father, lost on trails. Subject hiked back to different trailhead, got ride from stranger back to main trailhead. Subject was safely back at trailhead when I arrived. Subject uninjured. Teams called out but no resources deployed into field. Subject hiked up the CDT from Ghost Ranch and became lost. Self-reported by cell phone. Was advised not to move and located and rescued from that location.	2	4
SAR220000060	7/14/2022	14-Jul-22	Peter Dickson	LAAFB, AITSAR, SFSAR	At the IPP 13S 0374183E 4028666N WGS84 13S 351067E 3581192N;	SARTOPO map link: <a href="https://sartopo.com/m/QNGFR">https://sartopo.com/m/QNGFR</a> A 41 y.o. man walked from Deming to the base of the Organ Mountains trying to go to Wisconsin to visit his son. He was dehydrated with no food or water. Found by a hasty team about 80M ESE of the IPP, he was re-hydrated and walked out with SAR.	3	6
SAR220000061	7/16/2022	16-Jul-22	Uli Blann	DACSAR, MVSAR, OMTRS, LCFD, Able7	Below Gertch's Folly on the west side of the Organ Mountains.	Subject was 38 y.o. woman, went missing from the bank of the river 30 ft from parking lot where friends and daughter were waiting. Searched banks on each side of river and searched river visually, probing shallows, and dive team. Subject was located, deceased, in shallow water downstream of the bridge 2 days later, most likely after being dislodged from submerged location after heavy rains.	38	158
SAR220000062	7/19/2022	19-Jul-22	Peter Dickson, Matt Holmes (Deputy IC)	LAAFB, TSAR, AITSAR, NMPS Dive Team	Approximately 400 ft downstream from bridge	Map link: <a href="https://sartopo.com/m/1R35H">https://sartopo.com/m/1R35H</a> Received call from State EOC for SAR Support in search for a subject that had been washed out of a cabin by a flash flood in San Miguel County near the Blue Haven Youth Camp. Provided SAR K9, Ground, and UTV resources. Subject was eventually located just down stream from the destroyed cabin.	21	63
SAR220000065	7/22/2022	26-Jul-22	David Elliot, Nate Lay (Dep), Spenser Moreland, Matt Holmes (Dep), Al Webster	MCC, SFSAR, AITSAR, TSAR, AMRC, GCSAR, SFCSP, OMTRS, MVSAR, NMNG, SSAR, PK9, San Miguel OEM, San Miguel County Sheriff Office, CAP	Approx .3 miles downstream from the IPP (Cabin) 13S460652 x 3944424	SAR Topo Map: <a href="https://sartopo.com/m/JRD2R">https://sartopo.com/m/JRD2R</a> Subjects were attempting a hike and under estimated the difficulty. Subjects were suffering from dehydration and became exhausted and could not exit the trail.	136	831
SAR220000066	7/23/2022	23-Jul-22	Russ Imler	GCSAR	12S 0707263E 3683092N	Subject was 29 y.o. female hiker, separated from friends on Manzanita trail 0515 7/27, got lost. Next day friends went hiking up trail, found her on Yerba Buena trail at ~1200. Team of four from TSAR walked up trail to meet, treat, and escort back to TH. Uninjured (scrapes and bruises only).	12	50
SAR220000067	7/28/2022	28-Jul-22	Matt Holmes	TSAR	13S 0453447E 4047773N	Called by Albuquerque Fire Rescue (AFR) Justin Spain, he gave me information of an overdue female hiker in the Bosque. Her vehicle is parked near the river at the end of Orilla St. NW. Justin was in-route to Incident being set up near the subjects vehicle, he said Albuquerque Open Space, Bernalillo County Sheriffs (BCSO) were on scene, with air boats and a drone. Mr. Spain asked for NMSAR assistance in a K9 search and ground search along the rivers edge. We agreed to put teams on stand-by until he gets more information at Incident Base (IB).	8	24
SAR220000068	7/28/2022	28-Jul-22	Bill Dyea	CISAR	South valley near Isleta and the river area. Picked up by a family member (13S 346735 3877195 Approx Area)	Justin called and requested NMSAR assistance in the search for the missing female hiker, I called D5 for a mission number, ORDM to activate the teams on stand-by. Once I got to IB I got word the female subject was located, a verification was done by BCSO. I called ORDM and had them stand down the responding teams. Couple were reported as 'lost' by RP Luis Grajeda (friend from El Paso). Investigation indicated 'overdue' rather than 'lost'. Subjects had hiked from Santa Fe Ski Area to Lake Katherine where they camped overnight and were returning from Lake Katherine when they were intercepted by SAR team sent out to find them. Subjects and their dog had camped over night and were returning to their vehicle which was located at Ski Area. They were medically assessed on site and released.	0	0
SAR220000069	7/30/2022	31-Jul-22	Al Webster, Matt Griffin (FC Trainee)	SFSAR, AITSAR, LAAFB	13 S 432258e x 3964910N on Winsor Trail	37 y.o. male, visiting from out of town, road off on friend's quad, wearing dress clothes, without food, water or cell. When he didn't return for several hours 911 was called. DPS, BP and NMSAR were activated. Prior to deploying SAR resources, the subject was returned to IB in a Sheriff's vehicle. Subject had wrecked the quad then went looking for help. The Sheriff picked him up after area residents reported him as a "suspicious character." Subject was uninjured.	23	160
SAR220000070	7/31/2022	31-Jul-22	Uli Blann	DACSAR, MVSAR, OMTRS	2075 Guamis Rd, Las Cruces, NM 88012 (WGS 84 32.40885, -106.79461)	Was called by D5 dispatch, Sandoval County Sheriff request assistance to search for an overdue male subject. Subject's vehicle was located at 58th St. and 23 Ave. near the Rio Puerco in Rio Rancho. I spoke to Josh Robinson from Sandoval county, he told me the subject's vehicle was stuck in the sand and the subject's footprints lead towards a SE direction, SCSO track the subject but lost his tracks after about three mile. He requested NMSAR involvement in locating the subject. Called D5 for a mission number, called ORDM for ground resources and a drone team. NMSP Officer Chaves called me and said that he was in-route to Incident Base which is located at the end of Southern. He will contact me when he finds out more of the subject.  About 1515 D5 called and said the subject self rescued and was in Rio Rancho at a friends house. Rio Rancho PD confirmed his location.	5	6
SAR220000071	7/31/2022	31-Jul-22	Bill Dyea	CISAR	900 Starry Sky Rd., Rio Rancho	I called ORDM to stand down responders, no responders had made it to IB, also called D5 dispatch to close the mission number. Incident began as a search for a 79 year female with dog and husband searching for mushrooms. Husband and wife separated, possibly due to having an argument on the drive to the area, and wife did not return. Husband called for help. SAR responded and while searching for female, became aware of another person missing in the area. 41 year old male became separated while hiking in the area and party was searching for him.	0	0
SAR220000072	8/1/2022	02-Aug-22	Peter Dickson, Dave Elliot	TSAR, LAAFB, AITSAR, NMSAR, MCC, SFSAR, SSD, PK9,	Walked into IB/IPP WEST OF RUIZ CANYON ACCESS ROAD	Searchers were unable to find either subject but oth subjects walked out on their own as the next operational period was gearing up to search. Both refused medical assistance.	30	0
SAR220000073	8/4/2022	04-Aug-22	Judy Allison	AITSAR, SFSAR		MOUNTAIN BIKER LOST AND UNPREPARED TO BE OUT AT NIGHT. CALLED 911 FOR HELP SUBJECTS HIKE TO NAMBE LAKE BUT MISSED THE WINSOR TRAIL ON RETURN. SPENT THE NIGHT HUDDLED TOGETHER AND IN THE AM BACKTRACKED TO FIND THE WINSOR BUT COULDN'T SO DECIDED TO FOLLOW THE RIVER TRAIL GROUND AND K-9 TEAMS WERE TASKED TO SEARCH THE NAMBE DRAINAGE AND ABLE 7 SPOTTED THE SUBJECTS, LANDED, PICKED THEM UP AND TOOK THEM TO THE SF AIRPORT Subject became separated from his friend while returning to cabin. RP called DMSU when he did not return after 18 hours.	2	6
SAR220000074	8/5/2022	05-Aug-22	Judy Allison	AITSAR, SFSAR, LAAFB, MCC	35.84417, -105.84691 INTERSECTION OF RIO NAMBE AND CAPULIN TRAIL	BCFD requested SAR for a little haul for a 56yo female that had fallen and hurt her back and hit head. Subject was briefly unconscious. Initially BCFD had 5 fire fighters headed down trail. While SAR was responding additional help from BCSO had arrived and help with subject litter. Subject brought to IB as SAR arrived Subject attempted to follow a non-existent trail from Caballo Mtn, became lost, and called 911. His location was determined by GNSS coordinates from his cell phone. He was directed to follow a drainage down the mountain and a ground team was dispatched to intercept him and escort him out.	20	58
SAR220000075	8/10/2022	10-Aug-22	R. Imler	GCSAR, MVSAR, OMTRS, MSAR	12S 0752470E 3647477N	Subject became separated from his friend while returning to cabin. RP called DMSU when he did not return after 18 hours. BCFD requested SAR for a little haul for a 56yo female that had fallen and hurt her back and hit head. Subject was briefly unconscious. Initially BCFD had 5 fire fighters headed down trail. While SAR was responding additional help from BCSO had arrived and help with subject litter. Subject brought to IB as SAR arrived Subject attempted to follow a non-existent trail from Caballo Mtn, became lost, and called 911. His location was determined by GNSS coordinates from his cell phone. He was directed to follow a drainage down the mountain and a ground team was dispatched to intercept him and escort him out.	23	148
SAR220000076	8/12/2022	13-Aug-22	Wes Crownover	AMRC, CISAR	368467e 3896768n Sandia Crest Trail	Los Alamos County Fire Department provided transport back to the trail head.	3	2
SAR220000077	8/13/2022	13-Aug-22	Peter Dickson	LAAFB	Caballo Canyon Trail @ 13S 0381299E 3977913N	Subject declined medical treatment and signed release.	7	21
SAR220000078	8/21/2022	21-Aug-22	Robert Garcia	MVSAR, OMTRS	13S 0350014E 3582335N	Subject fell in Rabbit Ear Canyon in Organ Mountain, other hikers helped him to mine site. Utilized MVSAR UTV to Extract subject.	6	11
SAR220000089	8/24/2022	24-Aug-22			Squash Blossom Trailhead, Colin Neblett State Wildlife Area	Elk hunter was late in returning to the trail head, Fellow hunters called 911 and state Police responded to the trailhead. State police officers initiated SAR but hunter returned to the trailhead before any resources where deployed.	1	1
SAR220000081	9/4/2022	05-Sep-22	Tony Gaier	AMRC, CISAR, BCSO, APD	13S 0368224E 3897487N	911 call received by Albuquerque Police Dispatch. Missing hiker, in the Kiwanis Meadow area. Missing since 1830 on September 4th, separated from others in the group, never returned to vehicle. Ground search teams deployed in the search area. Shortly into search assignments Team 6 found the subject and escorted him to IncidentBase (I8). Subject was in good condition and departed 18 with friends/family.	27	16
SAR220000082	9/5/2022	06-Sep-22	Matt Holmes, Al Webster	AMRC, AITSAR, CISAR, SFSAR, LAAFB, SSD, PK9	Off trail 160 west of Rio Nambé, at WGS84 427262E x 3964961N	Subject and niece hiked up Winsor, niece to go to Lake Peak and return, subject to go out 'a couple of miles' and return. They separated. Niece returned to vehicle at ski area waited for subject and called 911. Trails were searched by groundpounders and dog teams and by NMSP helo A7 which also searched meadows. Dog teams (air scent and trailing on two different teams) searched on and off trails. NMNG searched likely spot selected owing to having eliminated closer to IPP areas and had find at 1925, 6 September, 2022. NMNG deployed medical personnel, and hoisted subject to heli phone. He was transported to SAR SFDD provided ambulance from SAR to Christus/St. Vincent* for observation overnight on 6 September, 2022 and released. Subject became confused on the Winsor and descended Nambé Drainage, north to 160, turned left(NW) and went down hill until trail became very difficult owing to downfalls, crossed the Rio Nambé south, became exhausted, And overnighted on 5 Sept. On 6 Sept she tried to continue but was too weak so she lay down to await results.	57	57
SAR220000083	9/7/2022	09-Sep-22	David Elliot, Matt Holmes	TSAR, LAAFB	13S 0456837E 4072703N WGS 84 13S 312093E 3606400N	Subject was 69 y.o. male hiker, went for hike on Latir Peaks loop, descended steep slope into wrong valley. SAR team hiked to subject. Subject was uninjured but unable to reascend steep/unsafe slope. Helo evac performed by NM National Guard. Subject declined medical treatment.	8	96
SAR220000084	9/10/2022	11-Sep-22	Uli Blann, Shaunna Foster (FC Trainee)	DACSAR, MVSAR, OMTRS, USBP, DCSO, NMNG	23420 HWY 185, Dona Ana County, NM	78 yo female, bipolar, off her meds with late afternoon dementia walked away from home. Found the next day by a neighbor, hiding in the neighbor's bushes.	38	214
SAR220000086	9/14/2022	14-Sep-22	Rick Overmier			Call for two overdue hikers possibly overdue since Monday. One subject reported to be 82 years old, very low on water and heavy rain storm moved through the area on 9/13/22. Shortly after mission was opened Lincoln Co Sheriffs advised deputies located both subjects and are in good condition.	1	2
SAR220000087	9/17/2022	17-Sep-22	Wes Crownover	AMRC, CISAR	13S03676195E 3898083N	BCFD reported 2 25yo males stranded in Chimney Canyon. IB was set up at Sandia Crest. Teams reached subjects from top and walked them back out to the Crest parking lot.	16	30

**New Mexico 2022 SAR Missions**

Data provided by SAR Resource Officer Robert Rodgers; address any questions to him at robert.rodgers@state.nm.us

Missions are listed in mission number order (Date-District-Mission)

Mission #	Open Date	Closing Date	Field Coordinators	Teams Responded	Coordinates	Incident Summary	Total Personnel	Total Vol Manhours
SAR22000092	10/4/2022	04-Oct-22	Wes Crownover			BCFD called for SAR after two hikers were separated and lost near TWA canyon. 1 subject walked out to a house in the foothills and the other subject made it back to car at Elena Gallegos picnic grounds A Boy Scout troop from El Paso, TX comprised of 15 juveniles and 9 adult team leaders were on a week long hike in the Gila NF Wilderness. The troop departed the NPS Gila Cliff Dwelling Visitor Center West Fork TH on 10/01/22 to hike up the West Fork of the Gila River. They intended to return on the morning of 10/08/22 and reunite with parents. The troop had not returned by mid day when an off duty NPS employee encountered a group of concerned parents. He contacted NMSAR. After consulting with the concerned parents, a NMSAR SAR mission to locate and rescue troop members was initiated. Record rainfall had occurred in the local area causing all forks of the Gila River to be in flood, making human crossing of the river impossible. A NMNG helicopter Coyote 6 was dispatched to search for and evacuate the troop. Coyote 6 located the troop along the N bank of the river at 2133 on 10/08/22. The troop was camping in a safe location and appeared to be OK. Increasingly bad weather forced Coyote 6 to RTB without evacuating troop members. Plans were then made to have an early morning flight to the Scout location by NMSAR Able 7 to evaluate weather conditions and evacuate members if possible. Contingency plans for an overland ground rescue were also developed in case bad weather did not allow for a helicopter flight.	1	5
SAR22000093	10/8/2022	09-Oct-22	Laurie Wlosinski, Andrea Imler (Deputy), Russ Imler (Deputy)	GCSAR, OMTRS, MVSAR, DACSAR, LCFD, Able 7, NMNG helicopter and ground teams	main group located 33.24863 -108.31365, second group located at 33.2550 -108.303667	Weather conditions the morning of 10/09/22 allowed Able 7 to arrive and begin hoisting troop members. They were then flown to the VC where IMT staff assessed and interviewed them. The interviews revealed that 4 members of the troop had separated from the main group more than 24 hours earlier in an effort to hike out for help. No contact with the 4 had been made since. A NMNG helicopter Lobo 99 arrived to assist with the hoist evacuation of the remaining located troop members. Able 7 then began a new river search for the missing 4 troop members, locating them and 2 other adult female hikers that were also stranded by high waters. All 6 were evacuated to the VC at 1517. There were no reported injuries or problems for all Scout troop members nor the 2 hikers.	11	98
SAR22000094	10/9/2022	09-Oct-22	Tony Galer	AMRC, CISAR		Received call from State Police Dispatch indicating a hiking party of six individuals had gotten off trail and disoriented due to heavy rain and limited visibility due to low clouds/fog. As the IC arrived at IB, the subjects indicated they had located the trail and they were returning to their vehicles, and no longer needed assistance. Five subjects were reported several days overdue from a five day hike. Resources were deployed but the subjects self-evacuated.	1	0
SAR22000095	10/12/2022	12-Oct-22	Russ Imler	GCSAR	125 755311E 3680240N	Subject became separated from reporting party while on a trail run in the Cienega/Sulfur Canyon area. RP returned to vehicles and called 911 when subject did not return as well. Subject not prepared for dark or cold, rainy conditions. Subject self-rescued prior to any resources arriving.	4	10
SAR22000096	10/15/2022	15-Oct-22	Spenser Moreland	CISAR, AMRC	Cienega picnic area	Subject became lost while mountain biking off established trails, and was unable to find his way back due to darkness.	1	0
SAR22000097	10/20/2022	21-Oct-22	Peter Dickson	ATSAR	35.6278, -105.7497	Subject GNSS location was known and a ground team was sent in to locate and escort out.	4	16
SAR22000098	10/23/2022	24-Oct-22	Robert Garcia	MVSAR	135 0436503E 3720928N	Subject got lost looking for son who was walking back to camp, subject family was able to locate Subject in canyon to west of IB.	2	2
SAR22000099	10/25/2022	26-Oct-22	Bill Dyea	CISAR, AMRC	135 365911E 3886707N	Prior to NMSAR involvement APD open space was called to locate overdue/lost 68 yof hiker. APD sent 3 officers north towards White wash canyon via trails and 3 BCSD MCAT personnel east up the Embudo trail, APD was flying a UAS with FLIR capability. After searching for about an hour a half NMSAR was requested by APD open space to assist in the search. Mission number was obtained and ground teams arrived at IB, 5 ground teams were sent out on the field, APD open space had two UAS with FLIR flying east above and around the Embudo trail and CSAR flew their UAS with FLIR capability on the north ridge area. Approximately 0000 hrs APD and CSAR completed flying their UAS's and departed IB. At 0045 team 4 located the subject, she was cold and hungry but uninjured. She was warmed up feed and walked out to white wash trailhead. The relay comms located at the white wash trailhead had to leave so myself and comms moved to the white wash trailhead and meet team 4 and subject. we all went back to the Embudo trailhead for debrief and subject interview. Subject refused medical attention ad was driven home by her husband. I closed IB at 0445 and close mission number at 0530. Notified the AC of the status of the mission.	29	88
SAR22000100	10/28/2022	28-Oct-22	Laurie Wlosinski	GCSAR, MVSAR, OMTRS, DACSAR		A two-vehicle accident occurred the afternoon of October 28, 2022 on Hwy 26 near mile marker 6 in Luna County near Deming. One of the vehicles involved sustained heavy damage resulting in injuries to the 15 yr old male driver, and fatal injuries to both of his parents. The driver of the other vehicle was transported to an area hospital along with the 15 yr old. Good Samaritans at the accident scene reported that the 15 yr old driver was asking about the condition of his 13 yr old sister who did not appear to be present. Other witnesses to the accident reported seeing a small person with long hair crossing the roadway's north fence line and continuing northbound into the grass and brush.	21	20
SAR22000104	11/11/2022	12-Nov-22	Kati Roske Matthew Griffen - Deputy	AISAR, SFSAR, LAAFB	135 0429528E 3960960N - Halfway between deception peak and lake peak	NMSAR officers at the scene requested SAR assistance to locate the possibly injured and missing 13 yr old. Deming FD officers requested Native Air and USCPB helicopters, and a USCPB ATV team to search the immediate area of the crash site. SAR tracking and ATV teams were searching the fence line and beyond when further investigations by NMSAR determined that the 13 yr old girl was not in the truck at the time of the accident, nor were any other students or friends of the family unaccounted for. The mission was deemed to be a bastard search, all teams RTB and left the accident scene immediately.	39	23
SAR22000105	11/21/2022	22-Nov-22	Zoe Havlena	SSAR	33.51006, -108.05165	Subject was 34y.o. female experienced hiker, went for day hike to Deception Peak, descended steep slope, fell, broken ankle. SF Ski Area Patrol and SF Fire team hiked to subject. ASAR deployed to assist SFSAR. SFSAR remained on hold at bottom of ski lift and LAAFB remained on hold at IB without deployment. Subject was packaged in litter and extracted via foot then down ski lift to Ambulance and transported to local hospital.	3	2
SAR22000106	11/26/2022	27-Nov-22	Brian Foote	MVSAR, OMTRS, DACSAR, AlaSAR, Able 7	Near Tortugas Mtn, off Dripping Springs Rd	NMSAR received call from RP that his friend had a stuck vehicle outside Beaverhead NM and was w/ 11 y/o daughter. They had food/water/gas but were 8 miles from their hunting camp. NMSAR called to see if this was SAR situation and advised that typically it is not. NMSAR indicated that they lacked awd capability, and no local LE, USFS, or G&F resources were available or willing to help with situation. After I consulted w/ on-call AC we agreed that although stuck vehicles are not SAR-expected low overnight temps and age of daughter were sufficient concern to deploy a small SAR response to bring subjects to safer location if necessary. 2 SAR responders from Socorro (nearest team) activated but locals in Beaverhead area retrieved subjects while SAR en route.	46	193
SAR22000107	11/29/2022	29-Nov-22	Tony Galer		Approximately 2 miles Northeast of residence.	Subject was as overdue hiker in the Organ Mountains facing cold, breezy overnight conditions and without gear. Three hasty teams searched at night on the three most likely routes of the subject. Operational period resumed at light the next morning with ground, UAS, and later an air search helicopter en route. Mid-morning the subject, from Las Cruces, made phone contact with the Reporting Party who notified IMT. He had left the hike location and walked toward town. A third party picked him up near Tortugas Mountain and gave him a ride toward town. He later used a friend's phone to call his girlfriend, the reporting party. IC spoke with him via video call & confirmed he was well and did not need assistance.	2	0
SAR22000108	12/3/2022	03-Dec-22	Bill Dyea	CISAR, NM CAP	ELT Location hanger 91 Moriarity airport 135 408468 3871710	Subject with dementia walked away from his home between 2230-2359 on 28 November 2022. Local EMS and law enforcement began searching for subject. Subject's residence is in a rural area, therefore a SAR mission was generated to provide additional resources to help locate the subject.	13	9
SAR22000109	12/9/2022	09-Dec-22	Michael Lawrence	AlaSAR	1916 Rio Penasco, Mayhill NM	Prior to NMSAR involvement CAP Caleb Alvord walked away from his residence at 1926 Rio Penasco between 1230 and 1300 following a disagreement. Caleb has a history of being gone for 15 to 30 minutes. On this date NMSAR field coordinator Michael Lawrence was contacted at 1856. NMSAR mission was initiated at 2020 with teams responding from Alamogordo and Las Cruces. At 2246 Caleb Alvord was located by Otero County Sheriffs deputy inside the unsecured residence at 1916 Rio Penasco. Caleb was very cold at this point and had only been in the residence approximately 15 minutes as the residence was being checked regularly by law enforcement.	9	17
SAR22000110	12/10/2022	10-Dec-22	Robert Garcia	MVSAR, OMTRS, DACSAR, LCFD	135 0351994E 3581195N	Called AC Peter Dickson advised of info Contacted Dispatch to pull a Mission # Called Teams and asked for LC Fire as Medical Concerns for Subject	24	46
SAR22000112	12/23/2022	23-Dec-22	Robert Garcia	OMTRS, MVSAR	135 0340684 E 3574527 N	Subject was evacuated by SAR and Seen by AMR & LC FIRE Male subjects went hiking/caving at Tortogus Mnt. Overdue, stayed out. Fire was located on "A" Mountain (Tortogus Mnt) was put out. Subjects walked out on their own.	8	5
SAR22000113	12/31/2022	31-Dec-22	Robert Garcia	MVSAR	135 0351960E 3579353N	Sub injured ankle on way down from needle, utilized modoc mine to extract on utv to prevent further injury to subject.	6	6
